## **DoD Privatization – A Good News Story?**

### **CONCEPT GOALS:**

- **Accelerate cleanup [2 years vs. 6 years]**
- **Save money [could be a wash]**
- **Develop AF prototype [good news story]**

**Fuel Your Future**

## ACCELERATE CLEANUP

- **Typical project started in 1998 [PA/SI]**
- **Next phase delayed until 2000 [RI/FS]**
- **Cleanup planned for 2002 [RD/RA]**
  
- **Why long time gaps?**
  - Funds availability
  - Study results
  - Conflict resolution

**Fuel Your Future**

**Air National Guard**

## **SAVE MONEY ?**

- **Lost money = 3 separate start-up costs**
  - Reduced to one start-up cost
- **New costs = Environmental Insurance**
  - Env. Liability in event of suit by 3<sup>rd</sup> party
  - Stop-loss covers insurer if costs exceed certain amount

## DEVELOP AF PROTOTYPE

- **Why Air National Guard?**
  - ◆ 167 Installations
  - ◆ > 590 sites
  - ◆ All 50 states

**Fuel Your Future**

## **BENEFITS TO ANG**

- **Streamlined, cost-effective strategy**
  - AF/DoD-wide potential
- **Fiscal liability removed; site closed**
  - Note: Ultimate liability remains
- **Remediation cost = capped**
- **Cash flow more certain**
- **Schedule more certain**

**Fuel Your Future**

**Air National Guard**

## **NEW TO ANG**

- **Contractor interfaces with Regulators & Stakeholders**
- **Contractor selects remedy**
- **ANG review greatly reduced**
  - Ultimate approval
