1	Are recycling containers conveniently provided for customer and employee use throughout the golf course facility?			
2	Are there officially and appropriately designated minimally maintained areas on the golf course facility grounds?			
3	Has the irrigation system or its components recently been upgraded to reduce inefficiency, malfunction, and overall water use?			
4	Has all "non-target" irrigation (ponds, natural, or out of play areas, etc.) been eliminated or minimized?			
5	Have flow meters been installed to monitor water use and detect potential waste?			
6	Has the entire golf course facility property been examined for critical habitats, threatened or endangered species, wetlands, floodplains, and historical/cultural resources?			
7	Are employees encouraged to minimize their trips around the course to conserve on the use of fossil fuels?			
8	Does the snack bar utilize reusable plates and silverware for use by customers throughout the facility's operating hours?			
9	Have all potential "no-mow" area maintenance practices been coordinated with the installation BASH officer and environmental management personnel?			
10	Are all motorized golf course equipment checked regularly for excessive air polluting emissions?
