

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS AIR FORCE CENTER FOR ENVIRONMENTAL EXCELLENCE
BROOKS CITY-BASE TEXAS

26 June 2003

The Headquarters Air Force Center for Environmental Excellence and the 311th Human Systems Wing Directorate of Contracting of the Air Force Materiel Command is in the process of selecting contractors for award under the Worldwide Environmental Restoration and Construction contract. In general terms, this contract will be a focal point for acquiring a wide range of environmental restoration and construction services for federal customers worldwide. The length of this contract will be a minimum of 5 years. The Government wants to be confident that the contractors selected will be able to successfully accomplish our requirements.

One of the ways the Government intends to evaluate each Offeror is through the verification of the Offeror's past and present performance on other contracts. For this, we must depend on information received from agencies such as yours, which have had first hand experience with an Offeror.

We have tried to make our questionnaire as quick and simple to complete as possible. We ask that you complete and submit our questionnaire as soon as possible, but no later than **30 Jul 03**. You may complete the Microsoft Word file electronically and email it, or you may print the form, complete it by hand, and fax it to us. The Offeror provided general contract information in Part I of the form. Please confirm this information and make changes as appropriate. Then, answer the questions that follow. We would greatly appreciate your comments describing why you rated a particular question the way you did.

When finished, simply email or fax the completed form. If you have any questions or difficulty completing the questionnaire, please contact me. If you would rather discuss the contractor's performance with us by telephone, please call or send an email.
